

For Immediate Release

The FAWN Collection: A 2-in-1 convertible design to last for years to come.

Brooklyn, NY – March 2015 – Oeuf

With its chic modern look and 2-in-1 design, the Fawn Crib and Bassinet is saving parents time, money, and space. This thoughtfully designed set begins as a charming bassinet (with plenty of room for storage below), then easily converts to a crib. A toddler bed conversion (sold separately) stretches its value even further as the child grows.

The Fawn Crib and Bassinet system is built to Oeuf’s highest standards of quality and safety. It’s made in Latvia out of durable Baltic birch plywood, and designed with clean lines and a modern sophistication that style-minded parents love. Oeuf’s matching Fawn dresser completes the nursery set.

All finishes are non-toxic, water-based, and free of VOC health hazards.
